

Stories on SUSTAINABILITY

Greetings from our second series of Stories on Sustainability (SOS) Newsletter! Every quarterly, we will be bringing you stories, news and events on the topic of Sustainability from Malaysia as well as the ASEAN region.

This month's story

Circular Economy

Circular economy is a relatively new concept on how new and innovative business models can be implemented to decouple economic growth from the constraints of Earth's limited resources and the negative environmental impacts from its exploitation; ranging from pollution of land, sea and air, climate change, loss of biodiversity and the over-use of natural resources.
